

Product

CAL-PRO Floor Standing Heating Expansion Vessels

Code	Description
1300003503	CAL-PRO 35-Litre Floor Standing Heating Vessel c/w Feet
1300005003	CAL-PRO 50-Litre Floor Standing Heating Vessel c/w Feet
1300008000	CAL-PRO 80-Litre Floor Standing Heating Vessel
1300010500	CAL-PRO 105-Litre Floor Standing Heating Vessel
1300015000	CAL-PRO 150-Litre Floor Standing Heating Vessel
1300020000	CAL-PRO 200-Litre Floor Standing Heating Vessel
1300025000	CAL-PRO 250-Litre Floor Standing Heating Vessel
1300030000	CAL-PRO 300-Litre Floor Standing Heating Vessel
1300040000	CAL-PRO 400-Litre Floor Standing Heating Vessel
1300050000	CAL-PRO 500-Litre Floor Standing Heating Vessel
1300060000	CAL-PRO 600-Litre Floor Standing Heating Vessel
1300070000	CAL-PRO 700-Litre Floor Standing Heating Vessel
1300080000	CAL-PRO 800-Litre Floor Standing Heating Vessel
1300090000	CAL-PRO 900-Litre Floor Standing Heating Vessel

Technical Specification

Operating temperature:	-10°C - 99°C
Max working pressures:	4 Bar (35-50L) 6 Bar (80-900L)
Connections (ØC):	¾" (35-400L) 1" (500-900L)
Pre Charges:	1.5 Bar (35-50L) 2 Bar (80-150L) 2.5 Bar (200-900L)

Additional Information

Carbon steel shell and connection construction

Synthetic butyl rubber diaphragm (SBR)

5 years warranty

100% factory tested

Epoxy-Polyester Powder Finish

Suitable for multiple types of heating systems

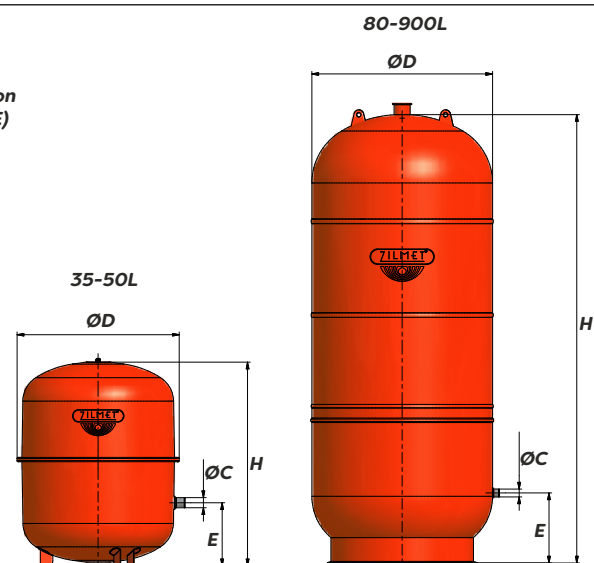

MIG welding eliminates interior rough spots and sharp edges

Manufactured according to PED 2014/68/EU for centralized non potable water heating systems
